

Virginia SAR Presidential Initiative

“First in War, First in Peace, First in the Hearts of his Countrymen.”
The Indispensable Man * Father of His Country

For more than 150 years, the Mount Vernon Ladies’ Association has protected and preserved the home of General George Washington, and the Virginia SAR is proud of its more than six decades of friendship with and support of **Mount Vernon**. No single place loomed larger in Washington’s life than Mount Vernon. Today, Mount Vernon is not just an historic site and a preserved 18th century home – it is a center of scholarship on the life of the most important Founding Father and the Founding Era of our country. It is also the site of the long-overdue presidential library for our first president.

The Virginia SAR has the opportunity to become the premier sponsor of **Washington’s Friends and Foes** at Mount Vernon’s Washington Library. This project will make Mount Vernon a repository to safeguard the papers of Washington’s friends and foes who do not have libraries, institutions or descendants. We will help to protect and collect valuable documents and letters related to the era and make them available for study by scholars and researchers. The project eventually will also have an internet presence. As the premier sponsor, the Virginia SAR will receive lasting credit for providing the original seed money to set this worthy, long-duration initiative into motion.

The Elston Family will match the first \$3,000 donated toward this initiative, and the Knight/Patty Fund will match the first \$20,000 in contributions. Here’s how you can participate:
